### Mission Linkage:

UVSC Mission Reference:

#### Mission Linkage:

**UVSC Mission Reference:**...providing a broad range of quality academic, vocational, technical, cultural, and social opportunities designed to encourage students in attaining their goals and realizing their talents and potential, personally and professionally. The college is committed to meeting student and community...needs for occupational training;...meeting the needs for continuing education for personal enrichment and career enhancement...

Goals (refer to Strategic Plan):

#### Goals (refer to Strategic Plan):

1. Graduates will be able to form partnerships with health care recipients and multidisciplinary team members to promote health and wellness in diverse settings.
2. Graduates will be able to apply decision-making, teaching, research, critical thinking, communication, negotiation, delegation, and evaluation concepts in the practice of nursing.
3. Graduates will develop the skills necessary to advance in their careers as leaders, managers, and educators, and/or to pursue graduate education in nursing.

### Intended Educational (Student) Outcomes:

1. Nursing students will utilize the nursing process and critical thinking to provide safe, effective nursing care for individuals, families, groups and the community across the continuum of health promotion to health maintenance and restoration in structured and unstructured health care settings.

2. Nursing students will manage nursing care for individuals, families, groups and the community using various members of the healthcare team in structured and unstructured health care settings.

3. Nursing students will integrate therapeutic communication in nursing care of individuals, families, groups and communities in structured and unstructured health care settings.

4. Nursing graduates will be employed in nursing.

5. Nursing graduates will report satisfaction with the nursing program.

6. Nursing students will successfully complete the Nursing Program.
